

Durability. Security. **Control.**

Sharps containers designed to minimize risk and maximize security

VERTICAL DROP DISPOSAL METHOD

Touchless drop minimizes surface contamination and the need for repositioning

DURABLE

Thick walled polypropylene material is puncture resistant

ONE PIECE DESIGN

Helps eliminate spillage, leaking, and reduce accidental needle sticks

EXCEEDS OSHA REQUIREMENTS

Designed to comply with clinical and regulatory guidelines

VERSATILE

Designed for a diverse set of customers from hospital, alternate care, and home care, to retail

CONTAINER SIZE & COLOR OPTIONS

Size options range from 2.5 gallon down to 1 quart with either locking or snap closure caps in colors such as translucent white, translucent red, and solid yellow signaling chemotherapy waste.

COLOR OPTIONS

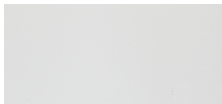

Solid Red

Solid Yellow

Translucent Red

Translucent White

Our containers colors were formulated to allow the end user to visualize the contents fill level against the "maximum" fill level marker displayed on labels.

CONTAINER CLOSURE OPTIONS

Our tamper evident containers feature secure closures that are designed, when combined with our Post Medical Access Control Cabinets, to enable chain of custody controls

SNAP CLOSURES

Post Medical unique Snap Closure designs target the needs of care givers in the field that prefer a smaller light weight yet secure container that can be easily sealed and re-sealed throughout the day

LOCKING SCREW CAP

Post Medical's ratcheted screw cap closures are designed to be a secure, tamper-evident, permanent closure by mitigating container re-entry

1 QT SHARPS CONTAINERS

Description	SKU
Solid Red, Snap Lid	SL-100
Solid Red, Locking Screw Cap	WD-100

1 GAL SHARPS CONTAINERS

Description	SKU
Translucent Red	3301-LPR
